*Important Information About this Loan Product. The borrower is required to make non-amortizing payments for the first ten years of the loan term. These payments will not cover the full amount of interest accruing and interest will be added to the principal balance of the loan. When the payment period ends, interest and fees continue to be added to the loan balance over time. Borrower is required to pay taxes and insurance. This loan will reduce the borrower's equity in the home which may make it more difficult to refinance the loan or to obtain cash upon a sale of the home. By refinancing an existing loan, the borrower's total finance charges may be higher over the life of the loan. Primary occupancy only. Not available in all states. Additional terms and conditions apply. Ask a licensed loan officer for more details. The EquityAvail® is a proprietary product of Finance of America Reverse LLC. Subject to review of credit and/or collateral; not all applicants will qualify for financing.

**The borrower must meet all loan obligations, including living in the property as the principal residence and paying property charges, including property taxes, fees, and hazard insurance. The borrower must maintain the home. Otherwise, the loan must be repaid when the last borrower passes away or sells the home. Originated through The Mortgage Network Company NMLS#197135
